- The “End User” shall mean the final recipient of the equipment

4. Inspection and Tests

Only Our standard inspection and tests before shipment (if any) are included. Copies of these are available upon request. Should additional inspection or tests be requested, these, where practicable and subject to our agreement, will be quoted separately and charged as an extra. If it is arranged that You or Your representative shall attend any inspection or tests, but You fail to attend them within seven days of Our advising You that We are ready for them, the tests may proceed in Your absence but shall be deemed to have been made as if in Your presence. In this case You will appoint Us as your agent to issue a signed Factory Acceptance Certificate; a copy will be furnished to You.

5. Packaging

Packaging will be done to commercial standards. Nustream will construct the appropriate shipping container and provide the item to the shipper of the customer’s choice from our dock.

Marking on the container will be commensurate with the shippers marking requirements and with consideration of the appropriate care and handling of the item.

Nustream is accountable for the container meeting common commercial packaging requirements and expectations if the shipment is handled and managed within reasonable and commonly acceptable standards. additional protection is required, suitable for sea-freight and/or tropical storage, then this will be charged at extra cost.

6. Delivery/Passing of Risk

Delivery is Ex-Works unless otherwise stated. All risk of accidental loss or damage to the Equipments passes to You on the earlier of delivery or, 14 days after the date on which We send notification to You that the Equipment is in a deliverable state, then on the expiry of that period.

7. Storage

If We are not able to deliver the Equipment to You within 14 days after the date We send notification to You that they are in a deliverable state, We may arrange for their storage and insurance. You will be responsible for Our reasonable charges in this circumstance.

8. Loss or Damage Pre-Receipt by You or in Transit

- a. You must notify Us within seven days of any shortages in or damage to Our Equipment
- b. Where We have agreed to be responsible for transit, You must give Us notice within 5 working days as will enable Us to give the required notice of the shortage or damage to the carriers within any time scale prescribed by them.
- c. Failure to notify Us as required above, or failure to preserve the relevant Equipment and its packaging, will entitle Us to disclaim all liability. If before You open any package containing the Equipment, You observe damage to it or anything else which makes it possible that damage may have occurred to the contents, You must advise Us of the fact before opening the package, so that We can arrange for a joint inspection or otherwise take steps to verify the situation.

9. Price and Payment

- a. The price quoted does not include domestic sales taxes or any import duties or taxes in the country of the Buyer or End-User. You are responsible for the payment of these duties and taxes if applicable. Pricing is based upon the exchange rate in effect on the date of the quotation. In the event of a fluctuation of 3% or more in exchange rate, Nustream reserves the right to adjust pricing to reflect the exchange in effect at the time of invoice.
- b. Unless otherwise specified in the proposal, payment terms will be 50% of contract value with order, and 50% of contract value prior to delivery. However, We reserve the right to require payment immediately on (1) completion of the services or (2) on delivery of the Equipments or (3) on sending notification that the Equipments are in a deliverable state and You have previously failed to make any payment owed to Us on the due date. Should a Force Majeure event prevent the Buyer from attending any agreed Factory Acceptance Tests, then the Buyer will sign the Factory Acceptance Test Certificate upon presentation by the Seller, by electronic means, of copies of satisfactory factory test results (made according to the Seller’s standards).
- c. If You do not pay the whole or any part of the price on the required day then You shall pay to Us interest on the amount outstanding from the due date until the actual date of payment at the rate of 5% over the Prime Rate from time to time in force. Additionally, the Seller will be entitled to withhold site-service support and to safely disable the Equipment until payment is made.
- d. So long as any payment due from You to Us is outstanding for more than 30 days, whether under the same or any other contract or transaction, We shall have a lien on any Equipments in Our possession and We shall be entitled to retain them or any of them and/or suspend work on any contract (including site support or warranty support).

Until the full purchase price has been paid, Seller reserves a Purchase Money Security Interest under the Uniform Commercial Code (the “UCC”) in the Goods and in all products and proceeds thereof. Purchaser shall execute such documents as Seller may require, including, but not limited to, one or more Financing Statements. Purchaser agrees and hereby appoints Seller as its attorney-in-fact to do, at Seller’s option, all acts and things Seller may deem desirable to perfect and continue to perfect the Purchase Money Security Interest granted hereby, including Seller’s authority to file Financing Statements naming Purchaser as debtor and Seller as secured party without Purchaser’s signature in those states where such filing are permitted, and to sign Purchaser’s name thereto where required.

At Seller’s option, there shall be no delivery of any of the Goods ordered hereunder until all documents necessary to perfect the Purchase Money Security Interest have been executed to Seller’s satisfaction. All costs and expenses of Seller, including attorneys’ fees for the preparation and recordation of documents deemed necessary and appropriate to establish and perfect the Purchase Money Security Interest, shall be Purchaser’s responsibility and shall be immediately payable by Purchaser upon receipt of Seller’s invoice for same. This Purchase Money Security Interest is in addition to and not in lieu of any security interest of Seller under Article 2 of the UCC.

- e. The Seller may invoice and ship for sections of the Equipment if the Scope of Supply Consists of two or more discrete operating units or separately billed items.
- f. An irrevocable Letter of Credit (ILOC) will be issued by the Buyer's bank in favor of the Seller, unless otherwise agreed in writing. The Buyer must arrange the issue of the ILOC to the Seller at least two months before the scheduled ex-works shipment. If the Buyer is late in doing so, the Seller may suspend its obligations under the Contract and will be entitled to interest on late payments caused by the suspension at the rate of 5% over the Prime Rate from time to time in force

10. Installation, Commissioning and Acceptance

- a. Supervisory Only: When any installation or commissioning services in the contract are limited to supervision, the Seller will supply the necessary competent personnel for supervision purposes only. The Buyer will supply all other necessary skilled and unskilled labor and all equipment and tools for the installation of the Buyer's equipment.
- b. Supervision & Labor: When the contract provides for actual installation and/or commissioning by the Seller, the Seller will supply the necessary supervisory personnel, skilled and unskilled labor and the appropriate tools for the installation of the equipment according to the details of the installation services specified in the Seller's offer.
- c. In either case, unless otherwise specifically stated in the Seller's offer, The Buyer will be responsible for:
 - i. All necessary preparation of the site, including all work to buildings, foundations, supporting structures and mounting points.
 - ii. The proper unloading and safekeeping of the equipment, and the tools and rigging if applicable, from the time of delivery.
 - iii. The provision of scaffolding, lifting equipment and any other equipment (excluding hand tools) and all services required for installing or operating the equipment.
 - iv. Any work whether preparatory to installation or in the installation itself not specifically included in the Buyer's offer, and giving the Seller access to and possession of the site at such time and in such state as may enable the Seller to complete the installation within the agreed schedule.
 - v. The provision of a site office for the Seller's supervisors with desk and lockable storage. A broadband internet connection must be provided for the use of the Seller's supervisors without cost.
 - vi. Failure to do any of the above will entitle the Seller to a contract modification for the extra costs involved.
- d. On-site acceptance tests will follow the Sellers standards, unless agreed in writing by the Seller prior to execution. The Buyer will allow the Seller to demonstrate conformance to these acceptance tests at the Buyer's cost promptly after the commissioning phase. Once these tests are passed, then Conditional Acceptance is achieved, and the Buyer will sign the Conditional Acceptance Certificate. After Conditional Acceptance is signed, the Seller must complete any minor issues identified on the Conditional Acceptance Certificate within 90 days. Once the minor issues are completed, Final Acceptance is achieved, and the Buyer will sign the Final Acceptance Certificate.
- e. Notwithstanding the above clause describing the resolution of minor issues, after commissioning, if the commercial use of the equipment is commenced, the equipment is deemed to have reached Conditional and Final Acceptance. The defects warranty will therefore commence.

11. Contract Modifications/Extra Costs

Installation and Commissioning services are specific and agreed to in the contract.

Out of Scope items are those items that are not within the boundaries of the specific description in the contract.

The seller will provide a quote and receive authorization from the Buyer if out of scope requests are prepared.

If during Installation and Commissioning the buyer wishes to request additional services, the Buyer will pay the Seller any extra costs that The Seller incurs as a result of contract modifications, delay to the delivery or commissioning accountable to the Buyer, cancellation or suspension of work arising from any act or omission of the Buyers or any other contractor employed by the Buyer, or by any other circumstance for which The Seller is not responsible. These extra costs will include all direct losses, claims, damages and liabilities the Seller incurs as a result of such acts or omissions.

12. Passing of Title and Risk

Unless otherwise agreed:

- a. Notwithstanding delivery of the equipment and the passing of risk due to the delivery, the equipment shall not become the Buyer's property until the Seller has received payment for the equipment in full. Upon delivery, the Buyer shall assume risk for the equipment and must maintain adequate storage conditions for the equipment and have adequate and appropriate insurance.
- b. If the Buyer disposes of the equipment before the Seller has received payment in full then, notwithstanding delivery of the same or the passing of risk due to delivery, the Seller shall have the right to recover the proceeds of such disposal by any means. In order to recover the price unpaid, including interest at the current Prime Lending Rate plus 5%, and other direct costs due to the process of recovery and lack of payment including the Seller's attorney's fees.
- c. The Seller may retain any and all payments made by the Buyer as liquidated damages and as reasonable compensation for use of the equipment up to the time of repossession. The Seller may also charge The Buyer with reasonable costs of repossession, including attorneys' fees.

13. Liability

a. For Injury and Death

The Seller will indemnify the Buyer for death or personal injury to the Buyers personnel and/ or sub-contractors caused by the Sellers negligence.

b. For Damage to Property

The Seller will indemnify the Buyer against damage to the Buyer or other people's property resulting from the Seller's negligence or that of the Seller's subcontractors, employees or agents in the execution of the contract or as a result of the Seller's breach of the contract.

c. For Delay In Delivery

- i) The date for delivery of the Equipment or completion of the contract quoted or otherwise agreed is, except as mentioned below, only Our current best estimate of the likely date for such delivery or completion. Time is therefore not of the essence and We shall not be liable for any loss or damage of any kind whatsoever resulting from any delay in such delivery or completion.
- ii) Any time for delivery and/or completion of the contract shall be extended by reasonable periods if delivery and/or completion of the contract is hindered or delayed by any reason not entirely within Our control (including but not limited to Force Majeure events, industrial disputes, whether at Our plant or not and shortages of materials or component parts caused otherwise than by Our fault).

14. Warranty

Except as otherwise provided within this agreement, the Seller warrants that the equipment is free from defects in material and workmanship under normal use for twelve months from the date of the first commercial use of the equipment or fifteen months after the date on which the Seller notifies the Buyer that the equipment is ready for delivery (if the equipment has not yet been delivered); whichever occurs first.

The Buyer shall not return the equipment to the Seller without the Seller's prior written authorization.

The Buyer must notify the Seller through a written description and claim within the warranty period of a claimed defect in the equipment. If, after the Seller executes the appropriate tests and inspections to verify the Buyer's claim are completed and the equipment is found to be in conformity with this warranty, the Seller shall at the Seller's sole option and expense, and as the Buyer's sole remedy, either repair or replace the defective equipment.

Any repairs made by the Buyer or any other person or entity without the Seller's prior written authorization will void the warranty.

The Seller makes no warranty:

- a. Concerning the compliance of the equipment with any local, state, or federal laws or regulations, including without limitation electrical, building, or other codes or requirements.
The Buyer agrees to accept full responsibility for complying with such laws, regulations, codes, and requirements.
- b. Concerning any defect or damage occurring during transit.
- c. Concerning (and does not assume in this or any other document) any obligation or liability in connection with a patent or copyright infringement suit brought against the Buyer with respect to the equipment designed by the Buyer.
- d. Concerning the durability and quality of, or other matter relating to, any materials used in conjunction with the Equipment not supplied by the Seller.

Other than as set forth in this section, the Seller makes no warranty, express or implied, with regard to the equipment.

THE SELLER'S WARRANTY IS LIMITED TO REPAIRING OR REPLACING (AT SELLER'S SOLE OPTION) ANY EQUIPMENT THAT IS PROVED TO BE DEFECTIVE. THE SELLER SHALL NOT HAVE ANY LIABILITY FOR ANY OTHER DAMAGES OF ANY KIND, INCLUDING WITHOUT LIMITATION PUNITIVE, EXEMPLARY, INCIDENTAL, OR CONSEQUENTIAL DAMAGES. THE SELLER'S WARRANTY FOR THE EQUIPMENT IS EXCLUSIVE AND IS IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Storage of Nustreem products must be in accordance with our recommended storage and inspection procedures.

You will pay Us Our reasonable charges for so doing, or if it is not so agreed, You shall undertake with Us to take such specified steps in connection with the safety of the Equipment sufficient to ensure, so far as is reasonably practicable, that the Equipment will be safe when Used properly. In either case the Equipment should not be Used until all necessary guarding or other safety equipment has been provided.

You on Your part represent and warrant to Us that any design or instruction furnished or given by You shall not be such as will cause Us to infringe any letters patent, registered design trade mark or copyright in the execution of Your order. You must provide all assistance to the Seller, at Your cost, to help defend such claims

The Seller will be entitled to interest payments on payments delayed by such suspension at the U.S. Prime Lending rate plus 5%. The Buyer may give notice to the Seller to recommence work at any time after suspension, in which case any costs incurred by the Seller due to the suspension shall constitute an agreed variation to the Contract.

Should the suspension continue for more than four months then the Contract shall terminate and the provisions of Clause 23 will apply.

23. Termination of Contract

No Party shall be excused for a failure or delay in making any payment of money to be made hereunder. This provision shall not, however, release the Parties from using reasonable efforts to remove or avoid all such causes, and the Parties shall continue performance hereunder with the utmost dispatch whenever such causes are removed. The Parties shall give prompt notice thereof to the other party if a Force Majeure event becomes known that may affect performance of the Contract.

25. Indemnification

Buyer hereby agrees to hold harmless and indemnify Seller and its agents, employees, directors, and officers from any and all expenses, losses, and damages, including legal fees, incurred as a result of claims by third parties against Seller:

Purchaser shall not assign its obligations hereunder without Seller's prior written consent.
